Definitions

'Media': refers to the communication channels through which news, entertainment, data, or promotional messages are disseminated. Media includes every broadcasting medium such as newspapers, magazines, TV, radio, billboards, direct mail, telephone, fax, and internet. 'Media' also includes data storage material recorded on disks, tapes, CD's, DVD's, and SD cards.

'Copyright' is the legal right granted to an author, composer, playwright, publisher, or distributor to exclusive publication, production, sale, or distribution of a literary, musical, dramatic, or artistic work.

Service Responsibilities

To ensure compliance with the relevant Copyright Laws, the service will ensure they hold current licenses for:

- The 'public' viewing of films, DVDs, videos, and television; and
- The 'public' performance, broadcast, or communication of music

The service will ensure that children's media viewing is incorporated as part of a varied and balanced program designed to enhance children's learning and experiences while in care.

The service will collaborate with families and children in setting guidelines for media viewing within the program. Strategies implemented may include designated times for media and/or technology viewing.

The service will ensure that all material viewed by children as part of the educational program is age appropriate and consistent with the Australian Film and Literature Classifications:

- (G) - The content is **very mild** in impact and is for general viewing. However, some G-classified films or computer games may contain content that is not of interest to children; or
- (PG) – The content is **mild** in impact; however, films and computer games may contain content that a parent or caregiver might need to explain to younger children as it may be confusing or upsetting to them.

Through the family enrolment process, written permission will be sought from parents/guardians relating to the classification of media viewing material accessible to their child/ren whilst in care at the service.

Educator Responsibilities

Educators will ensure that all material viewed by children, whether provided as part of the service program or digitally streamed, is age appropriate and consistent with the Australian Film and Literature Classifications (G) or (PG).
